HOW TO ORDER

Products are organized around a matrix of design features:

100 Series—Solid Wood Frames with Solid Wood Raised Panel

200 Series—Slab Style Drawer Fronts

300 Series—Solid Wood Frames with 6mm Veneer Flat Panel or MDF Flat Panel

400 Series—Solid Wood Frames with 5/8" MDF Raised Panel, Paint Grade

500 Series—Solid Wood Frames with Veneer Raised Panel

800 Series—Raw MDF or 3DL doors with 3/4" MDF cores

Five specifications are required to process orders:

1. Door Style—refers to type and shape of panel. i.e.: 101RP = Solid Wood Raised Panel, Square.
2. Specie—refers to type of wood (i.e.: Maple).
3. Edge Profile—refers to the outside edge profile (i.e.: 6132).
4. Frame Profile—refers to the profile on the inside side of the frame opposite from edge profile) (i.e.: FB-0131).
5. Panel Profile—refers to the profile of the raised panel (i.e.: 6097).

Five-Piece Drawer Fronts are priced as doors. Slab Drawer fronts are priced as 200 Series.

Pricing is also organized around species which are separated in various "BANDS", listed on each Price List.

AWD also offers Rustic & Knotty Grades in most wood species.

Rustic Grade: May contain open & closed knots, natural defects in wood, wide variations in color and grain.

Knotty Grade: Only solid knots allowed in this grade, may contain some variations in color and grain.

All orders are assumed to be DOOR SIZE. Please order DOOR SIZE only. Dimensions can be inches or millimeters. Tolerance: +/- 1/16" (2mm)

We provide fast, accurate price quotations (including packing and freight and usually can do so within hours of your request). Orders can be faxed to (479)968-2934 or emailed to order@arkansaswooddoors.com 24 hours, 7 days a week.

MULTIPLE OPTIONS TO PLACE YOUR QUOTE OR ORDER WITH AWD:

- **Use our online order system, prices calculated are accurate.**
- **KCD v10 software users can send KCD door report directly to AWD for quote.**
- **Print off appropriate order form from our web site, complete it, then email or fax it to AWD**

EDGE PROFILES

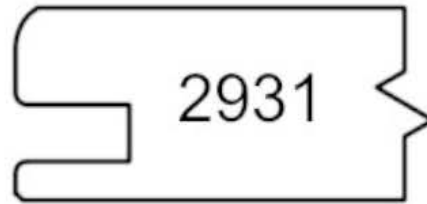

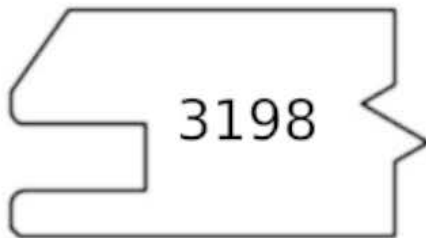

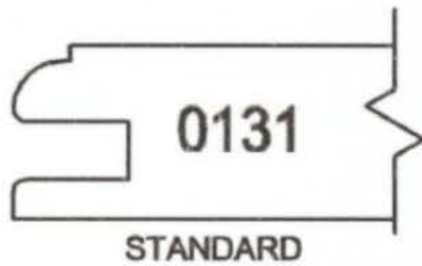

PROFILE SPECIFICATION

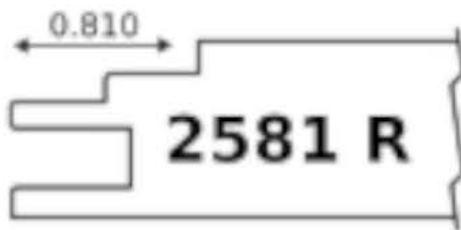

Our standard is 6132, the most popular for overlay doors.

*All profiles will accept European hinge but those marked with * require particular set up and careful attention to boring depth to avoid drill through.

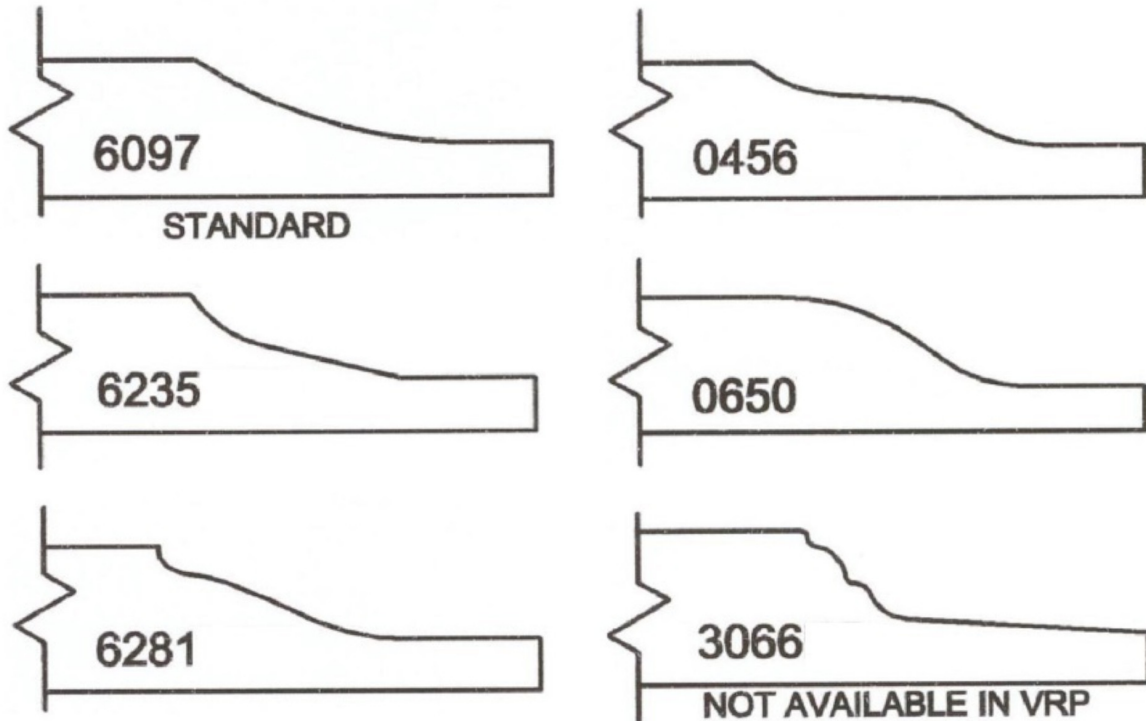

**THESE PROFILES ARE ONLY APPLICABLE TO OUR WOOD DOORS
& DF'S AND ARE NOT AVAILABLE FOR OUR 3DI OR 1 PIECE MDF
STYLE DOORS AND DF'S.**

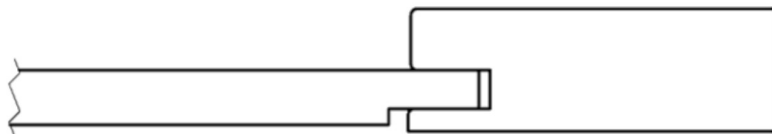

Cross Rails with 2581 Stiles

THESE PROFILES ARE ONLY APPLICABLE TO OUR WOOD DOORS & DF'S AND ARE NOT AVAILABLE FOR OUR 3DL OR 1 PIECE MDF STYLE DOORS AND DF'S.

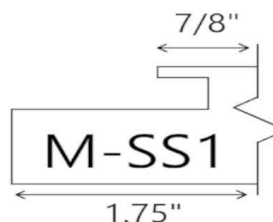

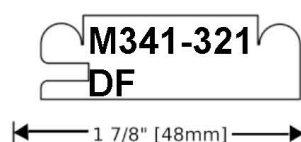

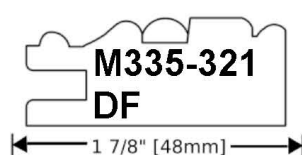

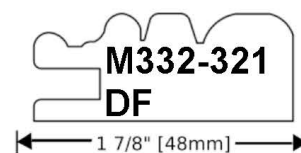

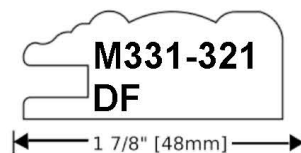

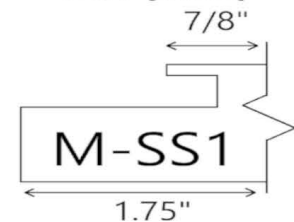

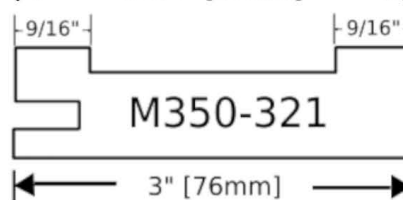

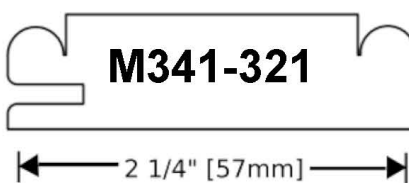

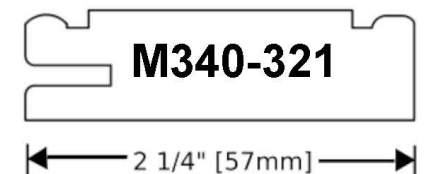

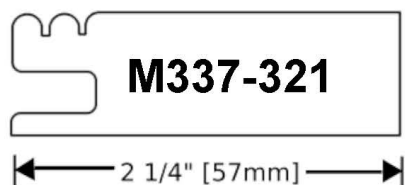

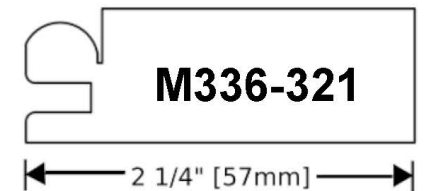

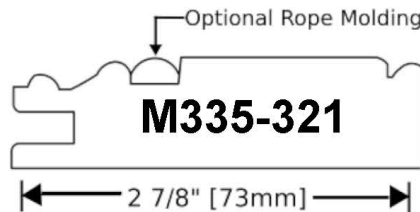

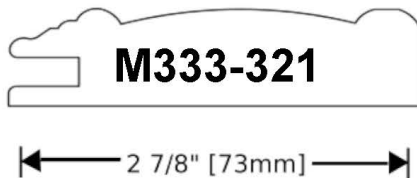

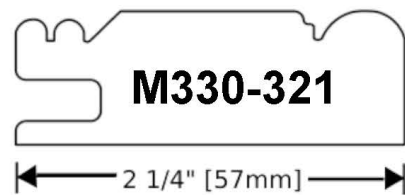

6mm Flat Panel

9.5mm Flat Panel

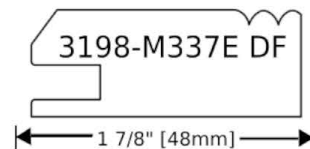

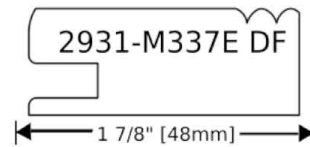

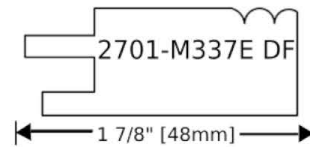

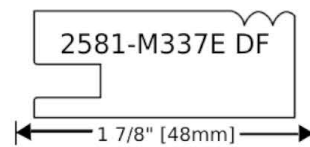

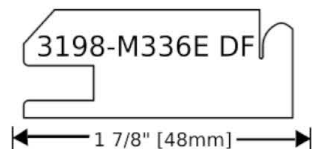

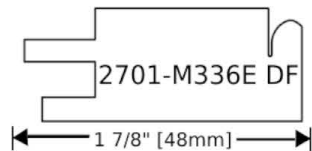

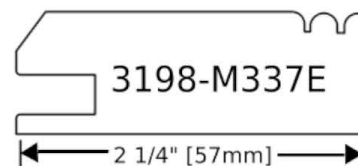

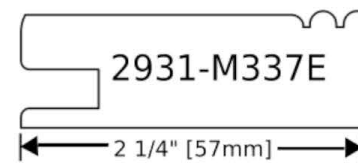

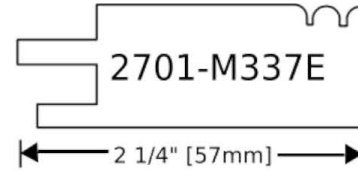

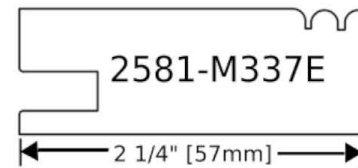

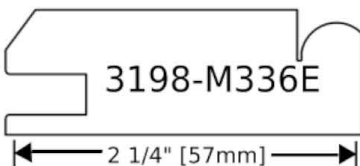

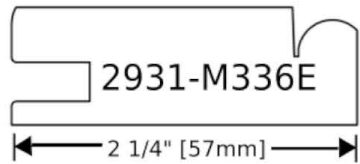

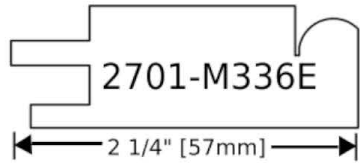

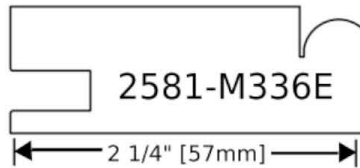

THESE PROFILES ARE ONLY APPLICABLE TO OUR WOOD DOORS & DF'S AND ARE NOT AVAILABLE FOR OUR 3DL OR 1 PIECE MDF STYLE DOORS AND DF'S.

DESIGNER MITER PROFILES

Designer Miter profile dimensions are "locked" and do not accept our edge profiles, except for M336, M337.

THESE PROFILES ARE ONLY APPLICABLE TO OUR WOOD DOORS & DF'S AND ARE NOT AVAILABLE FOR OUR 3DL OR 1 PIECE MDF STYLE DOORS AND DF'S.

FAUX FACE FRAME OPTIONS

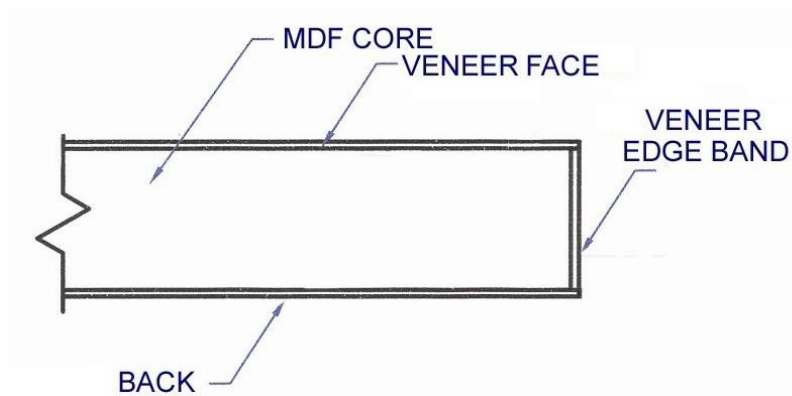

Frame profiles available with M336E and M337E profiles are 2581, 2701, 2931, and 3198.

THESE PROFILES ARE ONLY APPLICABLE TO OUR WOOD DOORS & DF'S AND ARE NOT AVAILABLE FOR OUR 3DL OR 1 PIECE MDF STYLE DOORS AND DF'S.

MINWAX Stain Options**MINWAX Wood Finish**

Cherry 235	English Chestnut 233	Ipswich Pine 221	Red Mahogany 225
Classic Gray 271	Espresso 273	Jacobean 2750	Red Oak 215
Colonial Maple 223	Fruitwood 241	Natural 209	Sedona Red 222
Dark Walnut 2716	Golden Oak 210B	Pickled Oak 260	Special Walnut 224
Driftwood 2126	Golden Pecan 245	Provincial 211	Weathered Oak 270
Early American 230	Gunstock 231	Puritan Pine 218	
Ebony 2718	Honey 272	Red Chestnut 232	

MINWAX Water Based Wood Stain

American Walnut	Daffodil	Natural Beige	Spice
Antique Jade	Deep Ocean	Natural Peach	Tangerine
Burgundy	Desert Sand	Navy Blue	Terracotta
Charcoal Grey	Driftwood	Onyx	Toffee
Cherry Blossom	Green Tea	Oriental Ginger	Vermont Maple
Cinnamon Toast	Harvest Gold	Pearl Grey	White Wash-
Classic Black	Harvest Grain	Perfectly Pink	Pickling Stain
Coffee	Honeydew	Pure White	Woodrose
Coral	Honeycomb	Rosewood	
Crimson	Hunter Green	Sangria	
Colonial Pine	Island Water	Slate	

Go to Minwax web site (www.minwax.com), Minwax Stains Color Guide, to view available stain colors. Colors shown are for reference purpose only, as actual resulting color will vary due to species of wood and characteristics of the wood being stained.

Pre-Finish options include: Clear Lacquer, Stained, Primed, Tinted Lacquer, and Glaze. Lacquer finish used yields an approximate sheen of 15 degrees, except Tinted Lacquer, which has an approximate sheen of 25 degrees. We can match most any Sherwin Williams paint color with our Tinted Lacquer finish.

Stain colors available are any Minwax Oil or Water based spray wipe stains. Keep in mind that the application of any stain to wood will result in variable shades due to the natural properties of the wood and AWD is not able to control the outcome, therefore, AWD will NOT accept rejection of any kind due to final appearance of the finish process. We suggest that you select 1 DF from your order to be purchased with finish applied to illustrate the finish outcome before releasing the complete order, if color is a concern. Again, AWD will not accept return/rejection of a requested finish sample.

HINGES & DRILLING PATTERNS

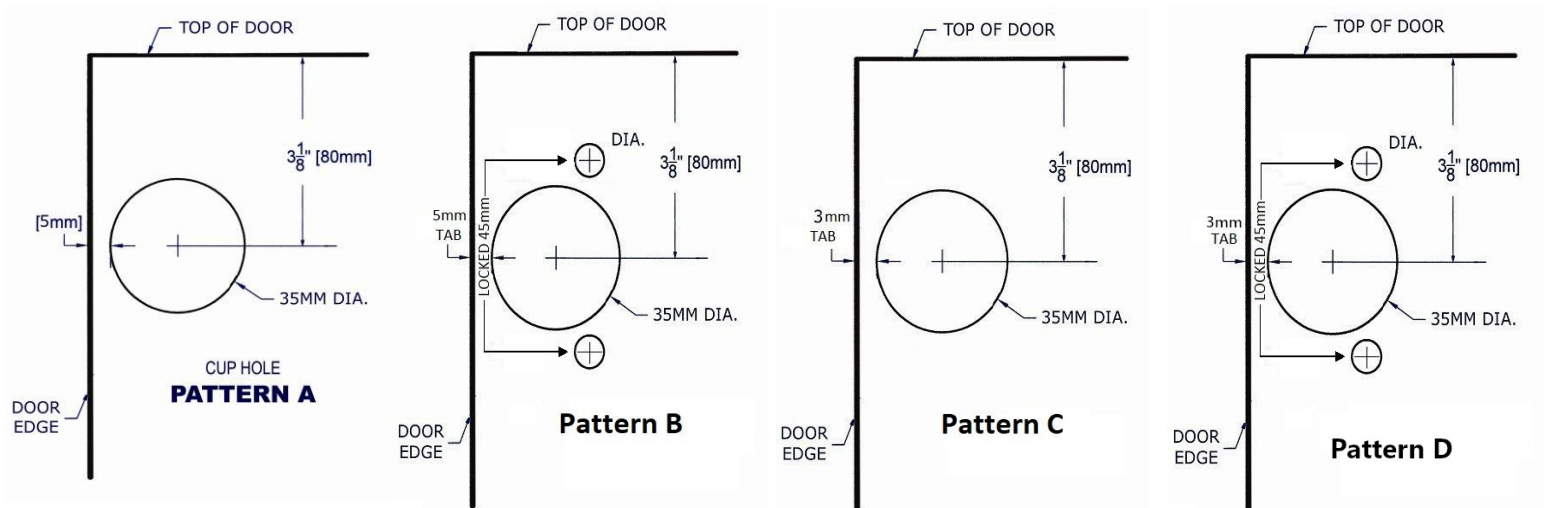

HINGES & HINGE BORING

Hinge boring service available.

Soft Close or Compact hinges available (Stocking 1/2" overlay, Face Frame back plate).

Our standard drilling for European style hinges is as follows:

- From end of door to center of cup hole: 3.125"/80mm
- Doors over 40"/1016mm in length to be drilled for 3 hinges.
- Customer must specify Left or Right hand for Arched style doors
- Both of our stock Compact hinges are set up for 1/2" overlay and can be used on Face Frame or Frameless style cabinets.
- Salice Soft close hinges are available by special order. Other hinge overlay & applications are also available by special order and quoted at time of order.

Compact Soft Close Hinge

Compact Self Close Hinge

AWD can drill your doors per your specific hinge location on door. Make a copy of the drawing below and enter the dimensions for A and B and submit drawing with your door order.

Custom Closet Design

AWD offers custom design and installation of closets throughout your home, including walk-in and reach-in closets, pantries, garage storage, and more. Custom design and sizing of your closet allows you to find an organization solution that fits your needs. Arkansas Wood Doors not only customizes your closet; we can customize your closet door with unique design to finish your room off right.

**RTA STONEHENGE CABINETS**

Our Custom Cabinet system, **Stonehenge Cabinets**, are supplied RTA (ready to assemble) without needing clamps or nail guns. This is NOT an imported cabinet, we manufacture it here at Arkansas Wood Doors using the most modern CNC equipment and software available. Also our cabinets are available as **Face Frame** or **Frameless style** and made to your specified size. We can supply you with the cabinet box only, or you can specify any of door styles, wood or 3DL, with or without finish applied.

AWD uses 5/8" & 3/4" thick material in the construction of our cabinets which includes the cabinet backs. Screw assembly option available to replace Rafx fittings.

Arkansas Wood Doors (AWD) guarantees all manufactured products to be free from defects in workmanship and materials for one (1) year from the original AWD invoice date.

Manufacturing & Material Tolerances

- Warping: Maximum allowable warp is 1/8" (3 mm), measured diagonally from corner to corner.
- Sizing: Standard size tolerance is $\pm 1/16$ " (2 mm).
- Miter Joints: Due to the natural expansion and contraction of wood, miter joint tolerances are set at $\pm 1/32$ " (0.8 mm).
- Natural Wood Variations: Naturally occurring material characteristics—including mineral streaks, color variations, burls, and unique grain patterns—are inherent to real wood and are not considered defects.

Warranty Exclusions This warranty does not cover:

- Doors exceeding 24" (610 mm) in width or 40" (1016 mm) in length.
- Skinny Shaker style doors/frames.
- Products manufactured outside of AWD standard production procedures per customer request.
- Damage resulting from improper storage, handling, finishing, assembly, or installation.
- Labor, re-finishing, installation, or ancillary costs incurred by the customer. AWD's sole liability is limited strictly to the cost or replacement of the manufactured product ordered.

Claims & Return Process

- Notice: All warranty claims must be submitted within seven (7) days of the AWD invoice date.
- Inspection & Returns: AWD reserves the right to inspect alleged defective items. If requested, AWD will schedule carrier pickup. Products must be safely re-packaged prior to shipment.
- Resolution: Upon receipt and verification of defect, AWD will issue a credit toward replacement. Replacement orders are prioritized and typically ship within three (3) business days of claim approval.

Freight & Shipping Claims: Freight damage is the sole responsibility of the delivery carrier.

- Inspect all pallets and cartons carefully before signing for delivery.
- We strongly advise writing "SUBJECT TO FURTHER INSPECTION FOR POSSIBLE CONCEALED DAMAGE" on the carrier's bill of lading/delivery receipt.
- Inspect all contents within 24 hours of delivery and file damage claims directly with the freight company immediately.
